

## Using Process Green to your advantage

When you print with Scott Print you can use the Process Green symbol on your printing to show the world you take environmental sustainability seriously. Below are examples showing how to do this. Process Green artwork is available from your Scott Print representative or by calling 9223 7788.

### How to apply the Process Green symbol

Where or how you use the Process Green symbol on your print is up to you. However to ensure you receive the full benefit of using the symbol we recommend the symbol be used at a size no smaller or larger than shown on this page (approx 29mm - 35mm wide).

#### Symbol with full description

#### Symbol with brief description

Insert environmental credentials of your chosen paper here. We recommend recycled or plantation sourced paper. Speak to your Scott Print representative for correct wording if needed.

#### Symbol only
